

Cabin mounted turnstile complete with thermal temperature HIK Minmoe reader

Select Security Services are now able to supply, deliver and install a full height cabin mounted turnstile complete with a HIK Minmoe reader & thermal temperature reader.

We can supply 3.00m Compact or 6.90m Double Turnstile Cabins.

Please find below information on our Turnstile Units and the software available and just to confirm, our standard PACS (Portable Access Control Systems) units include the following:

- * Turnstile - Single or Multi-Directional
- * Electric Roller Shutter Doors (To Turnstile Access)
- * Steel anti-vandal Gatehouse/Office with Disabled Door Access (In & Out), PIR Lighting & Timer Controlled Heating
- * Thermal temperature measuring access control System
- * The Compact Unit has one external door.

Power will need to be provided to the cabin at the expense of the customer.

For enquiries, please contact our office on 0800 731 5305 and ask for Alec or Dominic or e mail info@selectsecurity.info

Please see below for images of the cabin.
